## Upsilon

The Upsilon model with its 21 feet long fits perfectly in smaller yards and offers a very modern look, with its 90 degree corners.

---

Dimension:  
12'x21'

Depth:  
4'11"

## Delta

The Delta model is the most popular of our modern collection. It is distinguished by its shape and the integration of its full-width steps.

---

Dimension:  
12'x26'

Depth:  
4'11"

## Iota

The Iota model offers full-width steps and a very pleasant bathing area. Its modern look will enhance the style of your yard.

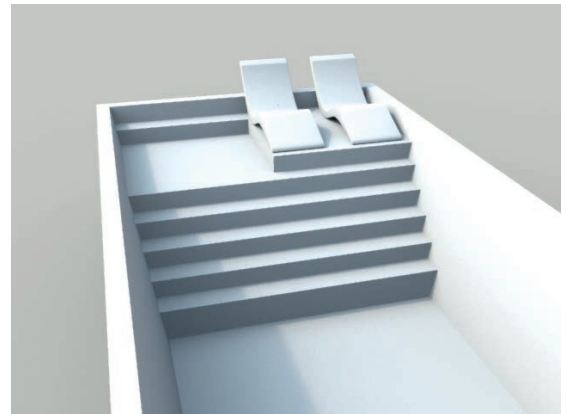

---

Dimension:  
12'x29'

Depth:  
4'11"

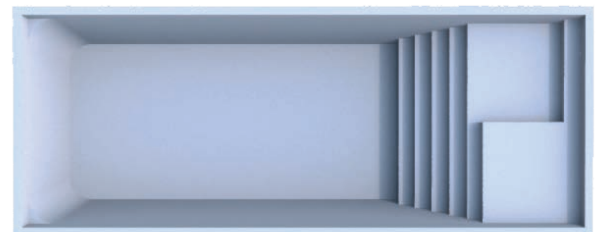

## Libra

The NEW Libra fiberglass inground pool, with its contemporary shape, is distinguished by its size and its double submerged deck allowing you to enjoy a restful area to install your deckchairs or even a play area for the whole family.

---

Dimension:  
12'x30'

Depth:  
4'11"

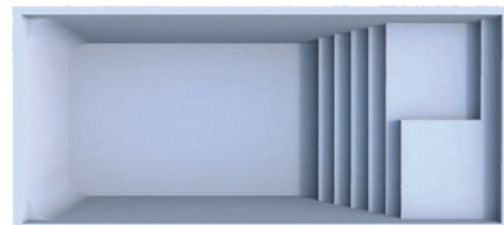

## Betha

The NEW Betha model remains fun for parents and children with its 4'11" depth allowing you to jump, swim and do Aquagym. This pool is perfect for medium-sized yards.

---

Dimension:  
12'x24'

Depth:  
4'11"

## Theta

The Theta model is the smallest pool in its class. It meets market requirements and is ideal for tight spaces.

---

Dimension:  
10'x16'

Depth:  
4'11"

## Alpha

The Alpha model is distinguished by its size and its swimming lane having a staircase on the side allowing to benefit from a maximum of length versus the full width staircases.

Dimension:  
10'x20'

Depth:  
4'11"

## Lambda

The lambda model has a swimming lane and a sloping bottom suitable for all sizes. Its staircase has a bench ideal for relaxation.

---

Dimension:  
10'x22'

Depth:  
3'6" - 5'6"

## Epsilon

The Epsilon model is one of the most coveted in its class. Its 25 foot long format offers several landscaping possibilities.

Dimension:  
12'x25'

Depth:  
4'11"

## Pi

The Pi pool has a large staircase that can serve as a long chair and also has a sloped bottom.

---

Dimension:  
12'x28'

Depth:  
3'6" - 6'2"

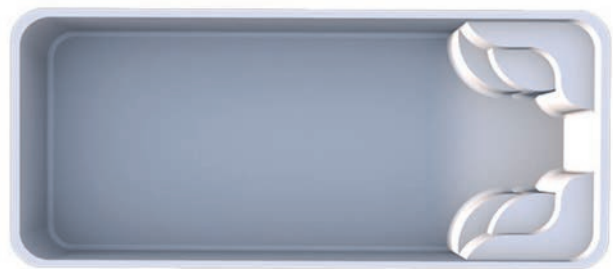

## Rho

The Rho model swimming pool offers an elegant and practical design. Its two symmetrical benches offer a double relaxation area while maintaining a 32-foot swim lane.

Dimension:  
14'x32'

Depth:  
4'11"

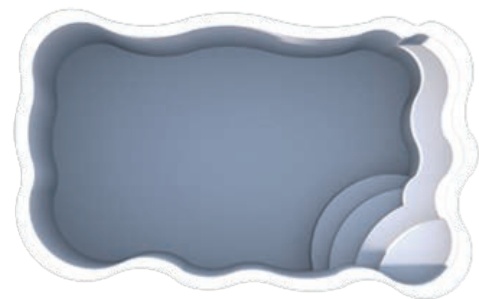

## Dzeta

The Dzeta pool is our smallest model among all our pools. While simple in design, it is perfect for very small backyards.

---

Dimension:  
8'x14'

Depth:  
4'

## Kappa

The Kappa swimming pool, with its designer shape and gentle slope, will enhance the landscaping that will be promised to it. It is distinguished by its multiple seats that can be used both for relaxation and for massage.

---

Dimension:  
12'x25'

Depth:  
3'6" - 5'x6"

## Sigma

The Sigma swimming pool is a 32-foot free-standing design with a dynamic form. This swimming pool benefits from an unusual shape keeping equal and pleasant proportions on its width and its length. This fiberglass pool is perfect for large backyards.

Dimension:  
14'x32'

Depth:  
3'6" - 6"

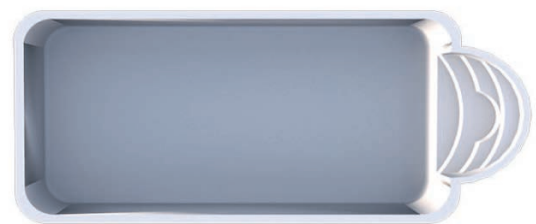

## Gamma

The Gamma swimming pool has a rounded exterior step. Thanks to its Roman shape, it offers a more spacious bathing space.

---

Dimension:  
12'x29'

Depth:  
4'11"

## Our Mission

QUALITY. ENGAGEMENT. SERVICE

"We ensure a 5 star quality service,  
we follow up every step of the way,  
from manufacturing, construction to installation."
